

# MICRO SMART PLUG

Datasheet

**Suggested street price**

**59.90 €**

The NodOn® Micro Smart Plug can be controlled by a Z-Wave® or Z-Wave Plus® home automation gateway or directly through others Z-Wave® or Z-Wave Plus® devices such as The Soft Remote, The NodOn® Wall Switch or the NodOn® Octan Remote. It is available in German (Schuko) or French Standard (Type E). Based on a very innovative construction, the NodOn® Micro Smart Plug is among the smallest Smart Plug on the market and fully CE Certified. Connected to a Home Automation gateway, it shares Metering information (Power and Energy)

## TECHNICAL DATA

Power supply: 230V AC +/-10% - 50Hz  
Maximum output power: 1500W (Resistive load)  
Self-consumption: <1W  
Operational temperature: 0°C to 40°C - Altitude : 2000m  
Radio protocol Z-Wave®: 868.4MHz\* - 500 Series - Compliant Z-Wave Plus®  
*\*868MHz frequency suitable for Europe, China, Singapore, UAE, South Africa*  
Range: 40m indoor / 80m outdoor  
Metering of instant power (W) and cumulated energy (Wh)  
Dimensions: 41\*73mm  
Warranty 2 years

## STANDARDS

EN61058 2002+AE2008: 2008	DIN 0620 -2-1: 2013 (Schuko)	EN300220-2 V1.9.2: 2011
NF C 61-314 2008+AE2010: 2010 (Type E)	EN301489-1 V1.6.1: 2013	
DIN 0620 -1: 2013 (Schuko)	EN301489-2 V1.6.1: 2013	
	EN300220-1 V2.4.1: 2012	

## REFERENCE NUMBER

MSP-3-1-00 - EAN : 3700313920596 - Type E (French)  
MSP-3-1-10 - EAN: 3700313920602 - Shucko (German)

# MICRO SMART PLUG

Advantages

nodon

## VERY SMALL SIZE

The NodOn® Micro Smart Plug is one of the smallest Smart Plug on the market. This innovative design makes it flexible, discreet, design while being compatible with almost all the electrical appliances of your home

## CE CERTIFICATION

The NodOn® Micro Smart Plug is fully compliant with the latest CE high voltage standard, and the product has been tested and approved by INTERTEK, the world leading company for CE testing.

## SMART ALARM MANAGEMENT

In case of alarm, configured before by yourself (flood, intrusion or others), the NodOn® Micro Smart Plug is able to react and notify you according to your wish.

## OTA FIRMWARE UPDATE

Taking advantage of the latest features of the Z-Wave protocols, the NodOn® Micro Smart Plug can update its firmware "Over The Air". It means that no matter when you acquire this product, you will always benefit our latest firmware update and innovative features

## METERING

Through the exclusive Metering option of NodOn® Micro Smart Plug, you can analyse your energy consumption (cumulated energy or instantaneous power) and reduce your electricity bill.
